#### 第二节 书面表达(满分 25 分)

Dear Mike,

I'm so excited to learn that you'll come to study in China next year and that you are eager to know something about learning Chinese. I am writing to offer you some tips as follows.

First, I suggest trying the immersion approach. Once you arrive in China, make an effort to use Chinese in your daily life, such as ordering food, asking for directions, talking with your classmates and so on. Second, consider using a language learning app — Duolingo. The app offers lessons covering vocabulary, grammar exercises, and pronunciation practice.

I recommend these methods because combining activities with structured study is highly effective for language learning. Immersion allows you to experience real — life language situations while the app helps improve the theoretical aspects.

Hopefully they can be of any help to you.

Yours sincerely,

Li Hua
